ABOUT US

Bos Cleaning & Finishing Products

HISTORY

Bos Cleaning & Finishing Products was established in 1984 and is located in Loosdrecht, in the heart of the Netherlands. Founded by Dick Bos, this family company started once as a manufacturer of polishing products for the metal industry. Today, Bos Cleaning & Finishing Products has grown out to be an innovative, medium-sized industrial company that supplies cleaning and finishing products all over the world.

Our products are supplied to various industries, including the automotive industry, the metal working industry, distributors for both industry and cleaning branch, machine manufacturers and the DIY market. We focus to supply a product range as wide as possible. Based on a flexible production, good cooperation with our raw material suppliers and attention to service & quality we are able to offer a complete range of products. This applies both for small specialist items as well as larger production runs. We are committed to our customers and we will try to find an innovative solution for every problem.

WHY CHOOSE FOR BOS?

From the very start we are focused on supplying great quality and service. For every problem that you may encounter we will do our utmost best to find a suiting solution. With our complete product range we offer you a price and quality ratio that fits every demand. On request we offer all of the products under private label. We already provide this for a large scale of our customers. Please contact us for the possibilities!

POLISHING FOAMS

SANDWICH Foam Polishing Pads

The SANDWICH Pads have a EVA-rubber interface which helps the pad to withstand more heat and orbit created by dual action polishers, especially large throw polishers.

The EVA-rubber layer also provides a more constant pressure to the car lacquer surface that's being polished, while working comfortable. Heavy scratches, holograms, water spots and many other lacquer imperfections will be effortlessly removed.

POLISHING FOAMS

CLASSIC Foam Polishing Pads

The CLASSIC Pad range is made of the best quality foam with high quality velours and is very suitable for a rotary polishing machine. The polishing pads can be used to remove the so-called swirls, oxidation and scratches. The open-cell foam structure of the polishing pads allows a quick transport of the removed paint particles and polish into the pad, helping to avoid holograms.

WOOL & MICROFIBRE PADS

Microfibre XTRA Cut Pad

Offers high cutting action in combination with a high gloss finish. This pad is made with a 5mm foam layer, which adds extra cutting ability and keeps it easy to control. A shorter pile of microfibre provides even faster results! It easily removes swirls, scratches and other lacquer defects and can be used with a dual action polisher.

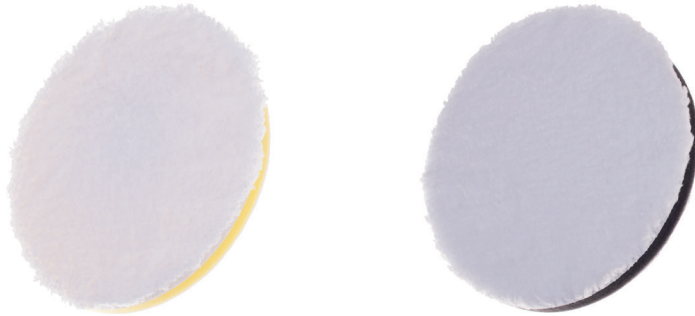

Article Code	Description	Specifications
M.241100	Microfibre XTRA CUT Pad	Ø32mm
M.241200	Microfibre XTRA CUT Pad	Ø55mm
M.241300	Microfibre XTRA CUT Pad	Ø80mm
M.241500	Microfibre XTRA CUT Pad	Ø135mm
M.241600	Microfibre XTRA CUT Pad	Ø160mm

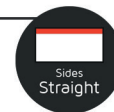

WOOL & MICROFIBRE PADS

Microfibre Polishing Pads

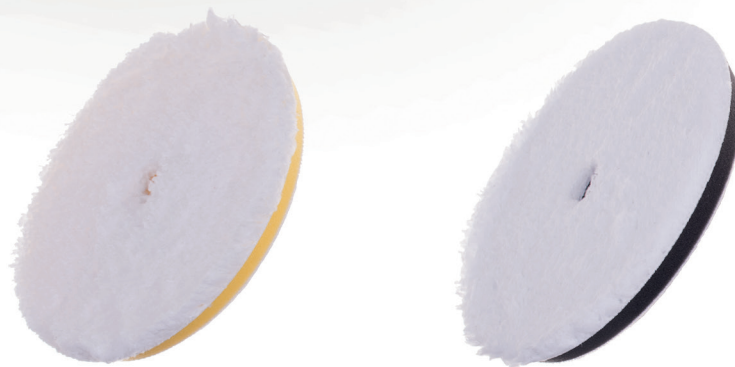

Made with a dense and fine 11mm pile of microfibre and foam layer for better control and performance. It easily removes swirls, scratches and other lacquer defects. Microfibre pads are very easy in use and work faster than other conventional foam polishing pads.

Article Code	Description	Specifications
M.221100	Microfibre CUTTING Pad	Ø32mm

WOOL & MICROFIBRE PADS

Merino Lambskin Polishing Bonnets

This Merino Polishing Bonnet is made from 100% soft, fast cutting and long lasting Australian 32mm wool pile, which has excellent heat-resistance and cutting performance. The pad removes heavy scratches and swirls, in combination with heavy compounds. For use with a rotary polisher.

Article Code	Description	Specifications
V.201300	Velcro Polishing Bonnet, 100% Merino Lambskin	Ø80mm
V.201500	Velcro Polishing Bonnet, 100% Merino Lambskin	Ø130mm
V.201600	Velcro Polishing Bonnet, 100% Merino Lambskin	Ø150mm

Genuine 100% Merino Lambskin!

100% Wool Polishing Bonnets

This Polishing Bonnet has a 20mm wool pile and is ideally suited for the DIY market. Removes scratches and swirls. For use with a rotary polisher.

Article Code	Description	Specifications
V.211500	Velcro Polishing Bonnet, 100% Wool	Ø130mm
V.211600	Velcro Polishing Bonnet, 100% Wool	Ø150mm
V.211700	Velcro Polishing Bonnet, 100% Wool	Ø180mm

Wool Buffing Pads

100% twisted wool and therefore characterized by its aggressiveness, so perfect for correcting heavily damaged surfaces, removing heavy scratches and other defects on the car paint.

Article Code	Description	Specifications
V.240800	Cupped Compounding Pad, 100% Wool Yarn	Ø200mm
V.240900	Double Sided Compounding Pad, 100% Wool Yarn	Ø220mm
V.240801	Backing Pad for Cupped Compounding Pad	Ø160mm x M14
V.240901	Adaptor for M14, Double Sided Compounding Pad	

MISCELLANEOUS PADS

Orange Peel Pads

The orange peel in the top lacquer layer can easily be removed without sanding. While removing the orange peel and deep scratches you are also polishing the paint instead of leaving sanding marks on the paint. This will reduce the needed steps afterwards. DENIM comparable to 2000 grit and VELVET to 3000 grit sandpaper.

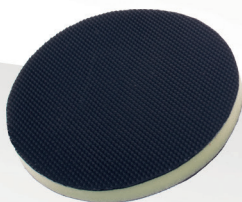

Article Code	Description	Specifications
S.115000	Peel Pad DENIM Agressive	Ø135mm
S.116000	Peel Pad DENIM Agressive	Ø150mm
S.215000	Peel Pad VELVET Medium-Light	Ø135mm
S.216000	Peel Pad VELVET Medium-Light	Ø150mm

Polymer CLAY Pads

Medium grade clay that deep cleans the paint, glass and plastic with just warm water, in less time and less effort than a traditional clay bar. Easily removes road grime, tar, paint over spray, water spots, tree sap, rail dust, and other embedded surface contaminants.

Article Code	Description	Specifications
S.315000	Polymer CLAY Pad, Medium Grade	Ø135mm
S.316000	Polymer CLAY Pad, Medium Grade	Ø150mm
S.300100	Polymer CLAY Mitt, Medium Grade	150x220mm
S.300200	Polymer CLAY Towel, Medium Grade	300x300mm

Felt Polishing Pads

High quality and long lasting felt pads. Perfect for polishing hard surfaces such as glass and hard plastics.

Article Code	Description	Specifications
G.203200	Velcro Felt Polishing Pad (MOQ 10 pieces)	Ø50mm
